HYATT'S VETERAN COMMITMENT

As our worldwide presence continues to expand, so will our need to hire talented individuals to provide world-renowned authentic hospitality to our guests. Through global and national partnerships, we provide valuable skills training and hospitality scholarships to individuals who may otherwise not have had such opportunities. One such group is military veterans. We support military veteran hiring and provide special considerations for interviewing qualified military veteran applicants. As part of that commitment, we strive to help military veterans transition their skills from their time in the military to the civilian workforce. Hyatt's launch of the Veterans@Hyatt Employee Network Group is a great example of this.

Please visit hyatt-veterans.jobs. In the search boxes, not only can veterans search all of the different jobs that Hyatt currently has open they can also use the Military Search Box to see how their Military Occupation Code or Military Occupation Skill aligns with Hyatt's different occupations. Another aspect of our commitment is in developing partnerships. Below are a handful of Hyatt's veteran focused partnerships.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability or protected veteran status.
